Sound guy at setup (Y/N):

Will all equip be mic'd? (Y/N)

(note: Expect a call 1 to 2 days before load-in)

What organ & Leslie equipment, if any, is provided on site by venue at time of performances:

(All equipment provided by the venue must be clean and in good working order)

(For older Hammond organs, Bill Dilks requires access to the inside back of the organ to install 2 clips for a temporary ¼" output if not present, and to adjust the percussion control and tone control. Bill Dilks uses B3-5-pin-out to Leslie-122-6-pin-in cables. FYI, Leslie model 122 is not compatible with models 145/147)

Site rehearsal times available after setup in 2-hour blocks:

Dressing room on site (Y/N):

Holds 3? (Y/N)

Shower (Y/N):

Load in time:

Note: *2 hours - required for load in / initial set up*
